

BABY BALLET

Our baby ballet classes are a wonderful environment for your child to dress up and dance as they love to do.

Practice the simple ballet techniques and take an introduction to ballet exercises.

Learn the basics of ballet and start gaining knowledge in this graceful dance art.

Dance to music that they know and love, and develop coordination, discipline and fun.

JUNIOR BALLET

The next step up from Baby Ballet. No pressure of exams, just time to enjoy the Class.

Don't worry if they have never done Ballet before, they can start at any time.

The ages are just guidelines, our teachers will assess and direct them into a suitable group.

INTER BALLET

Moving up from Junior Ballet or starting Ballet for the 1st time. This is an excellent class to continue the Ballet syllabus.

Although our teachers are qualified to enter students for exams, Telford Academy Of Performing Arts do not do this and prefer to work towards shows and regular performances.
